AGAINST ASPHALT TRUST.

Whole Country Now Thrown Open to
Real Competition.

Philadelphia, March 27.—Re-
ceivers Tatnall and Mack of the
National Asphalt Company to-day
received copies of a decision hand-
ed down by Judge Woods, the ef-
fect of which will be to throw the
entire country open to real competi-
tion in street paving. This is the
most far-reaching decision ever
handed down against the asphalt
trust. The St. Louis Board of
Public Improvements specified bitu-
lithic pavement to be laid with
Puritan brand of cement.

Colonel Swift, president of the
Fruin Bambrick Company, one of
the subsidiary companies of the as-
phalt trust, brought action against
the city, as property owner, re-
straining the city from going ahead
with the work, on the ground that
it was an artificial monopoly, creat-
ed by the Board of Public Improve-
ments by limiting specifications.

In his decision, Judge Woods
says: "The grant of power to the
Board of Public Improvements for
the construction of streets is for
public purposes, and is for the
benefit of the city and property
owners. The prescription to let
the contract to the lowest bidder is
a mere regulation and not a limita-
tion of power. The authorities in
the interests of the public are
not bound to wait, for instance,
until a patent has expired or a
monopoly has perished, so that
competition may be secured, but
may, in the exercise of their legis-
lative discretion, for the benefit
of the public, select a patented or
monopolized article, and an ordinance
requiring the use thereof is not void
because the contract cannot be
awarded to the lowest bidder."

SPLIT IN STEEL TRUST.

Report That Three Men Wish to
Succeed President Schwab.

New York, March 27.—The Sun
says: Reports were revived to-day
in Wall street of an impending
change in the presidency of the
United States Steel Corporation.
The story was circulated to the ef-
fect that President Schwab, having
discovered that there was a move-
ment to depose him, was making a
personal canvass for re-election.

The story went on to say that the
directors of the steel corporation
were split into factions, and that E.
H. Gary, chairman of the board;
James Gayley, first vice-president of
the steel corporation, and Henry C.
Frick, a member of the executive
committee, were the candidates of
these respective factions for the
president. A representative of the
controlling interest in the steel cor-
poration, who was asked about the
story, said that while there was a
possibility of Schwab retiring as
president he knew of no split in the
board, nor was there, so far as he
knew, a dispute of any kind among
the directors.

BAZOUK'S BUTCHERY.

Raid Upon Village and Extermina-
tion of People.

Sofia, March 31.—Battles and
disorder are increasing all through
Macedonia. News comes today of
a raid by Bashibazouks upon the
village of Abaditch. The tax offi-
cials have been having considerable
trouble there and the people have
been doing all in their power to
make their resistance effective.

A party of Bazouks descended
upon the little village and after a
massacre of nearly every person in
it the town was destroyed by fire.
The people had no chance to make
defense and the loss of lives will
reach several hundred. A few sur-
vivors have reached Bulgarian
frontier posts with the news.

St. Petersburg, March 31.—A
battle between Turks and Alban-
ians has taken place at Metrovitza
just across the border in Bosnia.
The Albanians attacked a march-
ing body of Turkish infantry and
were repulsed with heavy loss.

Vienna, April 6.—Doctor Lorenz,
who made a sensation when he
went to Chicago to treat the daugh-
ter of Ogden Armour, has been
summoned to the United States
again.

BISMARCK'S SPIRIT RULES

Von Bulow's Speech Shows a Return
to His Policies.

Berlin, March 21.—Chancellor
von Bulow's specific confessions
that German foreign policy is still
modeled on Bismarckian lines have
sent a wave of gratification through-
out the empire. Never before has
the Chancellor made so frank and
comprehensive an avowal of his
adoption of the political creed of the
"Iron Chancellor."

A critical analysis of Von Bulow's
speech, which ranks as his most
popular utterance since his attack
on the British Colonial Secretary
Chamberlain in 1902, shows that
Von Bulow is disposed to defend
every phase of German policy by
means of Bismarckian precedents
ranging from the maintenance of
the Dreibund to the advisability of
German diplomats marrying Amer-
ican wives. Many Germans, es-
pecially those who have never for-
given the present Kaiser for dismis-
sing the great Chancellor, detect in
Von Bulow's speech signs that the
fatherland is paving the way gradu-
ally for the return to the world
policy of Bismarck's time.

It is believed that the Venezuela
incident has exerted influence in
high quarters, which is likely to
manifest itself in livelier concern
regarding interests near home.
Germany may leave to other peo-
ples and other times all the restless
seeking for over-sea glory and in-
terference in affairs which tend only
to sentimental advantage as far as
the fatherland is concerned.

Roosevelt Starts On Tour.

Washington, D. C., April 1.—
President Roosevelt and his party
started this morning on his tour of
the West. The special Presiden-
tial train left the Pennsylvania de-
pot on time, a fair-sized crowd
gathering to extend greetings.

President Roosevelt will spend
tomorrow in Chicago, where elabo-
rate preparations have been made
for his entertainment. He will
then proceed through Wisconsin to
Minnesota, South Dakota, North
Dakota, arriving at Cinnabar, Mon-
tana, at the entrance to Yellow-
stone Park, April 8. Seeing the
sights in the Yellowstone will oc-
cupy the time till April 24, when
the tour will continue through
Montana to the principal cities in
Nebraska, Iowa and Missouri, ar-
riving in St. Louis April 30th,
where the President will take part
in the opening ceremonies of the
St. Louis Exposition April 30th.
Kansas, Colorado, Wyoming and
Arizona will be visited. The party
reaching Barstow California May
7. Proceeding up the State, May
13th and 14th will be spent in San
Francisco. The Yosemite and Big
Tree region will be visited and the
homeward trip made through Ne-
vada, Oregon, Washington, Mon-
tana, Idaho, Wyoming, Nebraska,
Iowa and Illinois. The schedule,
if carried out, will take the Presi-
dent home to the Capital by June
24th. With the exception of the
tour through the Southern States,
President Roosevelt will cover more
of the country than did McKinley
on his famous Western tour.

Millionaire Fairbank Dead.

Chicago, March 27.—N. K. Fair-
bank, millionaire manufacturer and
director in several banks, died at
his home here to-day, age 73. He
had been ill but a short time.

Fairbank was active in charitable
work, being one of the founders of
the Relief and Aid Society and of
the St. Luke's Society. He was
born in Wayne county, N. Y., in
1829, but had lived in Chicago for
nearly half a century. He is sur-
vived by seven children.

To End Bribery in Business.

London, March 27.—The House
of Lords to-day passed the preven-
tion of corruption bill, which makes
it a penal offense to offer or accept
gifts or bribes with the view of in-
fluencing business.

Six Killed in Accident.

Pittsburgh, Pa., April 1.—A ter-
rible accident occurred here today.
By the breaking of machinery at
the Pittsburgh Steel Works, six
men were killed and ten injured,
many seriously.
